Davie, FL

Aug 2023–May 2025

Aug 2018 – June 2023

Projects

Kat's Snack Bar | Python | github.com/katryn-mun/Snack-Bar-Menu

August 2023

- Designed and developed a program allowing users to order off a menu and view selection.
- Program allows users to add food item selections to cart.
- Once the order is complete, the grand total is displayed after taxes.
- Implemented user validation which prevented users from making selections out of range.

Happy Animals | WordPress | dev-katphotos.pantheonsite.io

February 2024

- Designed and developed a website for an animal photography company.
- Images were shot, edited and produced by my own camera to be used for various website pages.
- Utilized UX design to make the website user-friendly, presentable, and easy to navigate through.

Tip Calculator | JavaScript, HTML | katryn-mun.github.io/Tip-Calculator

March 2024

- Website for calculating tips for bills.
- Users can choose from a preset tip amount or customize an amount.

Experience

HOA Project Coordinator

USA Windows and Doors

May 2022 – Present

Sunrise, FL

- Coordinating and assisting clients with applications for home modification requests.
- Gathering important project documents to submit to clients' associations for review.
- Resolving any changes to clients' projects based on HOA requests.
- Stay up to date on client and HOA emails and calls.

Stock Associate

Crocs, Inc.

Sep 2018 – May 2022

Sunrise, FL

- Completed regular checks of sales floor and storage merchandise to identify optimal items for replenishment and reordering.
- Consulted with customers to understand desires and suggested most appropriate products to meet needs.
- Unpacked, tagged, and stocked merchandise for sale on the main floor.
- Reviewed shipments to verify the correct type and quantity of incoming items.
